FLAVOR GLOSSARY

HICKORY SMOKED

100% naturally wood smoked for hours over hickory chips to achieve the distinctive, deliciously rich flavor that is synonymous with bacon goodness. This iconic smoky flavor is our most popular and has thrilled patrons for decades.

APPLEWOOD SMOKED

Naturally smoked as long as needed to work the light, fruity and slightly sweet aroma of applewood deep into the meat. When the cuts display a rich, reddish-brown color, they've been smoked to perfection.

PEPPERED

Naturally smoked over hickory chips, then finished with a fresh coarse ground pepper coating to add some spice to the rich smoke flavor.
